Project Information

1. Project Name (name should briefly describe location and type of project).
2. Project Location (City, County, State).
3. Longitude/Latitude coordinates of project site preferably in decimal degrees.
4. Congressional district of project (<http://congress.org/congressorg/dbq/officials>)
5. Type of Ecosystem (lake, stream, river, coastal, etc.).
6. Project Type (streambank restoration, fish passage improvement, habitat improvement, etc.).
7. Names of **sportfish** that will benefit from project.
8. Is public access to the resource available? Describe the access points and the public’s ability to participate in sportfishing activities at the site.
9. Is project site publicly or privately owned? Applicants must provide details of land ownership and secure landowner approval. If letter(s) is not currently available, please address the applicant-landowner relationship and expected acquisition of written support/approval.
10. Project Start and End Date

Volunteers Information

1. Number of volunteer hours for FAF/NOAA funded portion of the project.
2. Number of volunteer hours for FAF/NOAA funded portion of the project.
3. Total number of volunteers for overall project.
4. Total number of volunteer hours for overall project.
5. Details of Volunteer Activities.

Permit Status

Sub-awardees will be required to satisfy all financial and programmatic requirements and meet all local, state and tribal environmental laws and Federal consistency requirements before project implementation. All projects must comply with the National Environmental Policy Act (NEPA) before funds will be released by the FishAmerica Foundation. For more information on NEPA see <http://www.nepa.noaa.gov/>.

Applicants must provide the following:

1. Complete list of all permits required for project implementation.
2. Copies of acquired federal, state, and local permits (or applications if permits are pending).

Please use table format provided below:

Permit and Permitting Agency	Status of Permit (obtained, pending/anticipated approval date, anticipated application date, not yet filed)	Agency Contact (name, title, phone)	Permit Period
<i>Ex: Section 404 permit, ACOE</i>	<i>Obtained October 2007</i>	<i>John Doe Habitat Biologist (555) 123-4567</i>	<i>Permit good through October 2010</i>

Executive Summary of Project - one paragraph total to include:

1. Objectives of project;
2. Concise project summary;
3. Expected results of project.

Project Description and Need (requirement for NEPA determination)**

1. **Describe the ecosystem/specific resource (specific geographics related to location, watershed, and surrounding area). Please provide adequate information on current and historical sportfishing and boating activities in the local area or related watershed.
2. Describe the project’s community outreach component.
3. **Describe the specific on-the-ground activities to be undertaken on-site to achieve the project objectives.
4. **Describe the specific site for the on-the-ground activities including nearby landmarks.
5. For fish passage projects, please describe any blockages or impediments to fish passage upstream and downstream of the project site. In addition, please describe plans to address these impediments.
6. **Clearly identify the specific measures of success (100 acres of saltmarsh habitat restored, 20 river miles opened, 50 acres of reef habitat created, etc.).
7. **Describe any construction activities.
8. **Describe any environmental concerns that may exist (e.g., the use and disposal of hazardous or toxic chemicals, introduction of non-indigenous species, impacts to endangered and threatened species, aquaculture projects, and impacts to coral reef systems).
9. **Describe any historic structures or archeological sites at or near the project site.
10. Describe all planned pre- and post-project monitoring and maintenance activities. Monitoring and maintenance are crucial to the success of a project and will be evaluated during the proposal review.
11. Explain how the project is part of a larger local or regional effort and list other project partners.

Timeline of Project Activities

1. Provide a detailed narrative of the project timeline including the design and permitting phase, on-the-ground activities, and pre- and post-project monitoring activities.
2. Provide a summarized list of all project activities, not only potential funded FAF/NOAA funded activities.

Please use table format provided below:

Project Activity	Anticipated Dates of Implementation
<i>Project design</i>	<i>January 15 - March 30,2008/completed</i>
<i>Permitting process</i>	<i>February 25 - June 1, 2008</i>
<i>Pre-project monitoring</i>	<i>5 events, March 15 - May 15, 2008</i>
<i>In-stream construction</i>	<i>July 1 - July 15, 2008</i>
<i>Riparian Revegetation</i>	<i>3 events, August – November 2008</i>
<i>Post-project monitoring</i>	<i>1 year, beginning January 2009</i>

Budget

1. Budget Narrative (detailed narrative description of expense items outlined in the budget table).
2. Budget Table for total project budget; list each expense line item in the table and describe the expense in the budget narrative. Be sure to name all project donors, (ex. Wisconsin DNR instead of State Agency.)
