Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

These preliminary results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

SUPPLEMENTARY INFORMATION:
Postponement of Preliminary Determination

On March 27, 2012, the Department of Commerce (“the Department”) initiated an antidumping duty investigation on drawn stainless steel sinks from the People’s Republic of China. The notice of initiation stated that, unless postponed, the Department would issue its preliminary determination no later than 140 days after the date of issuance of the initiation, in accordance with section 733(b)(1)(A) of the Tariff Act of 1930, as amended (“the Act”). The preliminary determination is currently due no later than August 8, 2012.

On June 29, 2012, Petitioner, Elkay Manufacturing Company, made a timely request, pursuant to 19 CFR 351.205(b)(2) and (e), for a 50-day postponement of the preliminary determination, in order to allow additional time for the Department to review respondents’ sections C and D questionnaire submissions. SUPPLEMENTARY INFORMATION:
I. Background

The Southeast Alaska purse seine salmon fishery is a commercial fishery in Alaska State waters and adjacent Federal waters. It encompasses the commercial taking of salmon with purse
seine gear, and participation is limited to fishermen designated by the Alaska Commercial Fisheries Entry Commission (CFEC).

NMFS published proposed program regulations on May 23, 2011 (76 FR 29707), and final program regulations on October 6, 2011 (76 FR 61985), to implement the reduction program. Subsequently, the Southeast Revitalization Association submitted a capacity reduction plan to NMFS.

NMFS approved the plan on February 24, 2012. NMFS published the list of eligible voters on March 1, 2012 (77 FR 12568) and the notice of referendum period on March 29, 2012 (77 FR 19004). Interested persons should refer to these for further program details.

NMFS conducted a referendum to determine the industry’s willingness to repay a fishing capacity reduction loan to purchase the permits identified in the reduction plan. NMFS mailed ballots to 379 permanent permit holders in the fishery designated as S01A by CFEC who were eligible to vote in the referendum. The voting period opened on March 30, 2012, and closed on April 30, 2012. NMFS received 269 timely eligible voters on March 1, 2012 (77 FR 24,2012. NMFS published the list of eligible voters on March 1, 2012 (77 FR 12568) and the notice of referendum period on March 29, 2012 (77 FR 19004). Interested persons should review these for further program details.

NMFS conducted a referendum to determine the industry’s willingness to repay a fishing capacity reduction loan to purchase the permits identified in the reduction plan. The voting period opened on March 30, 2012, and closed on April 30, 2012. NMFS received 269 timely and valid votes. Two hundred and fifteen of the permit holders voted in favor of the program and the reduction loan repayment fees. This exceeded the majority of permit holders (190) required for industry fee system approval.

On May 7, 2012, NMFS published another Federal Register document (77 FR 26744) advising the public that NMFS would tender the program’s reduction payments to the 64 selected bidders who voted permanently stop fishing with the permits they had relinquished in return for reduction payments. Subsequently, NMFS disbursed $13.133,030 in reduction payments to the 64 selected bidders.

II. Purpose

This document’s purpose is to establish the reduction loan repayment fee’s effective date in accordance with subpart M to 50 CFR 600.1107.

III. Notice

Southeast Alaska purse seine salmon program fee payment and collection will begin on July 22, 2012. Starting on this date, all harvesters of Southeast Alaska purse seine salmon (designated as S01A by CFEC) must pay the fee in accordance with the applicable regulations. All fish buyers of Southeast Alaska purse seine salmon must collect the fee in accordance with the applicable regulations.

The initial fee applicable to the Southeast Alaska purse seine salmon program’s reduction fishery is 3.00% of landed value and any subsequent bonus payments. Fish sellers and fish buyers must pay and collect the fee in the manner set out in 50 CFR 600.1107 and the framework rule. Consequently, all harvesters and fish buyers should read subpart L to 50 CFR 600.1013 to understand how fish harvesters must pay and fish buyers must collect the fee.

SUPPLEMENTARY INFORMATION:

Background

Section 101(a)(5)(D) of the MMPA of 1972, as amended (16 U.S.C. 1361 et seq.), directs the Secretary of Commerce to authorize, upon request, the incidental, but not intentional, taking of small numbers of marine mammals of a species or population stock, by United States citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if: (1) We make certain findings; (2) the taking is limited to harassment; and (3) we provide a notice of a proposed authorization to the public for review.

We shall grant authorization for the incidental taking of small numbers of marine mammals if we find that the taking will have a negligible impact on the species or stock(s), and will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant). The authorization must set forth the permissible methods of taking; other means of effecting the least practicable adverse impact on the species or stock and its habitat; and requirements pertaining to the mitigation, monitoring and reporting of such takings. We have defined “negligible impact” in 50 CFR 216.103 as “* * * * an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival.”

Section 101(a)(5)(D) of the MMPA established an expedited process by which citizens of the United States can apply for an authorization to incidentally take small numbers of marine mammals by harassment. Section 101(a)(5)(D) of the Act establishes a 45-day time limit for our review of an application followed by a 30-day public notice and comment period on any proposed authorizations for the incidental harassment of small numbers of marine mammals. Within 45 days of the close of the public comment period, we must either issue or deny the authorization and must publish a notice in the Federal Register within 30 days of our determination to issue or deny the authorization.

Except with respect to certain activities not pertinent here, the MMPA defines “harassment” as: any act of pursuit, torment, or annoyance which (i)
