SUPPLEMENTARY INFORMATION:

I. Background

Sections 312(b)–(e) of the Magnuson–Stevens Fishery Conservation and Management Act (16 U.S.C. 1861a(b) through (e)) generally authorizes fishing capacity reduction programs. In particular, section 312(d) authorizes industry fee systems for repaying reduction loans which finance reduction program costs.

Subpart L of 50 CFR part 600 is the framework rule generally implementing section 312(b)–(e).

The longline catcher processor subsector (the “Longline Subsector”) is among the catcher processor subsectors eligible to submit to NMFS a capacity reduction plan under the terms of the Act.

The longline subsector non-pollock groundfish reduction program’s objective was to reduce the number of vessels and permits endorsed for longline subsector of the non-pollock groundfish fishery.

All post-reduction fish landings from the reduction fishery are subject to the longline subsector non-pollock groundfish program’s fee.

NMFS proposed the implementing notice on August 11, 2006 (71 FR 46364), and published the final notice on September 29, 2006 (71 FR 57696).

NMFS allocated the $35,000,000 reduction loan to the reduction fishery and is repayable by fees from the fishery.

NMFS published in the Federal Register on September 24, 2007 (72 FR 54219), the final rule to implement the industry fee system for repaying the non-pollock groundfish program’s reduction loan and established October 24, 2007, as the effective date when fee collection and loan repayment began.

The regulations implementing the program are located at §600.1012 of 50 CFR part 600’s subpart M.

NMFS published in the Federal Register on November 2, 2009 (74 FR 56592), a notice to decrease the fee rate to .016 per pound effective January 1, 2010. Then, on November 12, 2010 (75 FR 69401), a notice to decrease the fee rate to $0.015 per pound, effective January 1, 2011.

II. Purpose

The purpose of this notice is to adjust, in accordance with the framework rule’s §600.1013(b), the fee rate for the reduction fishery. Section 600.1013(b) directs NMFS to recalculate the fee rate that will be reasonably necessary to ensure reduction loan repayment within the specified 30 year term.

NMFS has determined for the reduction fishery that the current fee rate of $0.015 per pound is more than needed to service the loan. Therefore, NMFS is decreasing the fee rate to $0.0145 per pound which NMFS has determined is sufficient to ensure timely loan repayment.

Subsector members may continue to use Pay.gov to disburse collected fee deposits at: http://www.pay.gov/paygov/.

Please visit the NMFS Web site for additional information at: http://www.nmfs.noaa.gov/m punish services/buyback.htm.

III. Notice

The new fee rate for the non-pollock Groundfish fishery will begin on January 1, 2012.

From and after this date, all subsector members paying fees on the non-pollock groundfish fishery shall begin paying non-pollock groundfish fishery program fees at the revised rate.

Fee collection and submission shall follow previously established methods in §600.1013 of the framework rule and in the final fee rule published in the Federal Register on September 24, 2007 (72 FR 54219).

Authority

The authority for this action is Public Law 108–447, 16 U.S.C. 1861a (b–e), and 50 CFR 600.1000 et seq.

Dated: November 23, 2011.

Gary C. Reisner,
Director, Office of Management and Budget,
National Marine Fisheries Service.
