Director, Office of Protected Resources

Limited Cooperative Agreement Between the
United States Department of Commerce
National Oceanic and Atmospheric Administration
National Marine Fisheries Service
and the Maine Department of Marine Resources for the
Conservation of Threatened and Endangered Species

This limited cooperative agreement is entered into pursuant to Section 6(c)(1) of the Endangered Species Act of 1973, as amended (hereinafter referred to as "the Act"), and 12 M.R.S.A. Chapter 631 (Endangered or Threatened Marine Species) between the United States Department of Commerce, National Oceanic and Atmospheric Administration, National Marine Fisheries Service, and the Maine Department of Marine Resources. Hereinafter, the parties shall be referred to as NMFS and MDMR, respectively. All terms contained herein shall be given the same meaning as defined at 50 C.F.R. Section 222.102.

Whereas, the Act authorizes the Secretary of Commerce (hereinafter referred to as "the Secretary") to enter into cooperative agreements in accordance with Section 6 with states that establish and maintain adequate and active programs for the conservation of endangered and threatened species;

Whereas, the MDMR is authorized pursuant to 12 M.R.S.A. Chapter 631 Section 6976 to enter into agreements with federal agencies for the conservation of marine endangered and threatened species;

Whereas the State of Maine has the authority to establish conservation programs consistent with the purposes and policies of the Act for the following species of marine mammals and sea turtles occurring in the state which have been deemed by the Secretary to be endangered or threatened and under the jurisdiction of NMFS:

Endangered Species

North Atlantic right whale (*Eubalaena glacialis*)

Humpback whale (*Megaptera novaeangliae*)

Fin whale (*Balaenoptera physalus*)

Sei whale (*Balaenoptera borealis*)

Sperm whale (*Physeter macrocephalus*)

Leatherback sea turtle (*Dermochelys coriacea*)

Kemp's ridley sea turtle (*Lepidochelys kempii*)

Threatened Species

Loggerhead sea turtle (*Caretta caretta*)

Whereas, the purposes of the Act are to provide a means whereby the ecosystems upon which endangered and threatened species depend may be conserved, to provide a program for the conservation of such endangered and threatened species, and to take such steps as may be appropriate to achieve the purposes of the treaties and conventions set forth in subsection 2(a) of the Act;

Whereas, the Secretary has delegated to the Assistant Administrator for Fisheries of NMFS the authority to enter into cooperative agreements with states for the purpose of supporting programs for endangered and threatened species conservation;

Whereas, the Act requires the Secretary to determine that: (1) the state agency is authorized to establish conservation programs, including the acquisition of land or aquatic habitat, or interests therein, for all resident species of fish and wildlife listed in this agreement; (2) the state agency is authorized to conduct investigations to determine the status and requirements for survival of resident species of fish and wildlife; (3) the state agency has made provision for public participation in designating resident species of fish and wildlife as endangered or threatened; and (4) the species listed in this agreement will be given immediate attention, as NMFS and MDMR agree that those species are most urgently in need of conservation programs;

Whereas, NMFS hereby determines that MDMR satisfies the Act's legal requirements for such cooperative agreements as specified in the immediately preceding paragraph;

Whereas, the parties to this agreement are in accord that the programs administered in Maine are designed to conserve resident endangered and threatened species, and that it is the mutual desire of MDMR and NMFS to cooperate for the common purpose of planning, developing, and conducting programs to protect, manage, and enhance populations of all resident endangered and threatened species covered by this agreement within the State of Maine;

Whereas, the Assistant Administrator for Fisheries of NMFS has the administrative authority to establish programs for the conservation of endangered and threatened species; to provide periodic review of the state program at no greater than annual intervals; to provide funding

for the development of endangered and threatened species conservation programs or to assist in monitoring candidate and recovered species as such funding is available and in accordance with the terms of the Act; to provide coordination among the programs of various states; and to exchange with states such biological data or other information that may result in the continued conservation of endangered or threatened species;

Whereas, the Assistant Administrator for Fisheries of NMFS authorizes the Northeast Regional Administrator of NMFS to monitor the implementation of this cooperative agreement;

Therefore the parties agree as follows:

1. Consistent with Section 6(d) of the Act, NMFS may provide financial assistance to MDMR for the development of endangered and threatened species conservation programs or to assist in monitoring candidate and recovered species. Such projects shall be developed jointly by NMFS and MDMR in accordance with the Act.
2. NMFS and MDMR will carry out the cooperative program for the conservation of endangered and threatened species, which may involve law enforcement, research, management, and public information and education activities conducted for the benefit of resident endangered and threatened species in the State of Maine.
3. Pursuant to section 6(c)(1)(E)(ii) of the Act, entry into this agreement shall in no way effect the applicability of the prohibitions set forth in or authorized pursuant to section 4(d) and section 9 of

the Act with respect to the taking of any resident endangered or threatened marine mammal or sea turtle species listed in this agreement.

4. Effective Date and Renewal

(a) This agreement shall become effective when signed by the Assistant Administrator for Fisheries of NMFS and the Commissioner of MDMR, and may be renewed in the following manner: Not later than June 30 each year, MDMR shall submit to the Assistant Administrator for Fisheries of NMFS the following: (1) the current list of the state listed resident endangered and threatened fish and wildlife within the jurisdiction of NMFS and a description of all changes to such list since the date of the previous submission of the list to NMFS; (2) a certification of any amendments in MDMR's legal authority or regulatory programs for endangered and threatened marine mammal and sea turtle species listed in this agreement that were made since the date of the previous submission of the program to NMFS; (3) a list of all changes in the endangered and threatened species conservation programs since the date of the previous submission of the program to NMFS; (4) a report on the status of all projects funded pursuant to paragraph one of this agreement; and (5) any additional information requested by the Assistant Administrator for Fisheries of NMFS that pertains to MDMR's program for the conservation of endangered and threatened marine mammal and sea turtle species listed in this agreement;

(b) The Assistant Administrator for Fisheries of NMFS will, on or before October 1 of each year, notify MDMR in writing whether the cooperative agreement is renewed effective October 1 of that year, or that the state's program or authorities are no longer in compliance with the criteria of Section 6(c) of the Act, and unless appropriate

changes are made by June 30 of the following year, this agreement shall be terminated. If MDMR, after satisfying the renewal provisions of the immediately preceding paragraph, has not been notified concerning the renewal of this agreement by October 1 of each year the agreement shall continue in force and effect as if it had been renewed.

5. Amendment

This agreement may be amended at any time with the written concurrence of the signatories.

6. Termination

This agreement may be terminated: (a) by mutual agreement; (b) by MDMR upon 60 days written notice to the Assistant Administrator for Fisheries of NMFS; or (c) notwithstanding the renewal provisions in Section 4(b) of this cooperative agreement, by NMFS upon 60 days notice to MDMR from the Assistant Administrator for Fisheries of NMFS, stating reasons why the state's conservation program for endangered and threatened species is no longer in compliance with the criteria in section 6(c) of the Act, or that the state has otherwise violated provisions of this agreement. MDMR may submit a written request for review to the Secretary within 30 days of the receipt of the termination notice. The Secretary shall consider all evidence submitted by MDMR in its request for review and either reaffirm the termination of this agreement at the end of the 60 day notification period, or reverse the determination of the Assistant Administrator of NMFS and revoke the notice of termination. Any Federal funds that have been awarded pursuant to this agreement to MDMR, but not expended by MDMR, as of the date termination of this agreement or final

reaffirmation thereof shall be returned to NMFS for reallocation pursuant to section 6(d).
