

VESSEL/PLANT OPERATOR COMMENT FORM

NORTH PACIFIC OBSERVER PROGRAM

The information on this form will be used by the National Marine Fisheries Service to evaluate how well the observers are performing their duties and to serve as a line of communication between the fishermen and the Observer Program.

Public reporting burden for this collection of information is estimated to average 30 minute per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

All identifying data submitted will be handled as confidential material in accordance with NOAA Administrative Order 216-100, Protection of Confidential Fishery Statistics. Notwithstanding any other provisions of the law, no person is required to respond to, nor shall any person be subjected to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.

INSTRUCTIONS

Anonymous responses have little value in this process, so please fill in the identifying information completely. If you don't remember the Observer's name, please fill in the rest of the identifying information and indicate whether the Observer was the Primary or Secondary observer (if known).

In addition to answering Yes or No to each question, please use the Comments section to provide additional information about your answer. If the answer is neither Yes nor No, please use the Comments section to record the appropriate answer (i.e. Sometimes or N/A [not applicable]).

Though this form's primary intent is to allow you to provide information regarding specific observers, the second page affords you an opportunity to provide feedback and ask questions about the Observer Program in general or to open up a line of communication between you and a member of our staff.

Please take the time to answer this Comment Form completely.

Thank you for your time!
