\*\*\* This stock has been declared overfished based on observations of a loss of historic spawning aggregations.

All stocks for which a determination of overfishing or overfished was made in this year's report, are included in this Appendix table. There may also be some stocks included that have been assessed, but no status determination could be made.

**Appendix 7. Additional Stock Assessment on Other Status Determination Information for Stocks Not Contained in Federal Fishery Management Plans.**
