

NMFS ANNOUNCES ATLANTIC SHARK IDENTIFICATION WORKSHOPS BEING HELD IN JULY, AUGUST, AND SEPTEMBER 2009

An Atlantic shark dealer may not receive, purchase, trade, or barter for Atlantic shark unless a valid Atlantic Shark Identification Workshop certificate is on the premises of each business location listed under the shark dealer permit where sharks are first received (71 FR 58057; October 2, 2006). Trucks or other conveyances of a dealer's place of business which are extensions of a dealer's place of business must possess a copy of a valid dealer or proxy Atlantic Shark Identification Workshop certificate (73 FR 38153; July 3, 2008). Additionally, Atlantic shark dealers may not renew a Federal shark dealer permit unless a valid Atlantic Shark Identification Workshop certificate has been submitted with the permit renewal application (71 FR 58057; October 2, 2006). As such, **Atlantic shark dealers who have not already attended a workshop and received a NMFS certificate must attend one of the free workshops being held in 2009 in order to receive shark products or renew their permits in 2009.** The Atlantic Shark Identification Workshops being held in July, August, and September 2009 are listed below.

Who Must Attend

- All new applicants for Atlantic shark dealer permits planning to purchase sharks in 2009
- All federally-permitted Atlantic shark dealers or a proxy from each business location that receives sharks (if they have not already attended a workshop and received a certificate)
Proxies: Shark dealers may send someone else (*i.e.* a proxy) to a shark identification workshop instead of attending themselves. If a dealer decides to send a proxy, then a proxy from each place of business which first receives sharks under the dealer's permit must attend the workshop. A proxy must be:
 - A person who is currently employed by a place of business authorized to receive sharks under the dealer's permit;
 - A primary participant in the identification, weighing, and/or first receipt of fish as they are offloaded from a vessel; and,
 - Involved in filling out dealer reports.

Purpose of Workshops

- To train Federal Atlantic shark dealer permit holders or their proxies to properly identify shark carcasses
- To reduce the number of unknown and improperly identified sharks reported in the dealer reporting form
- To increase the accuracy of species-specific dealer reported information
- To generate a better understanding of the regulatory requirements for Atlantic shark dealers
- To improve quota monitoring and data used for shark stock assessments
