

Council Responsibilities and Organization

Council Member Orientation

November 1, 2016

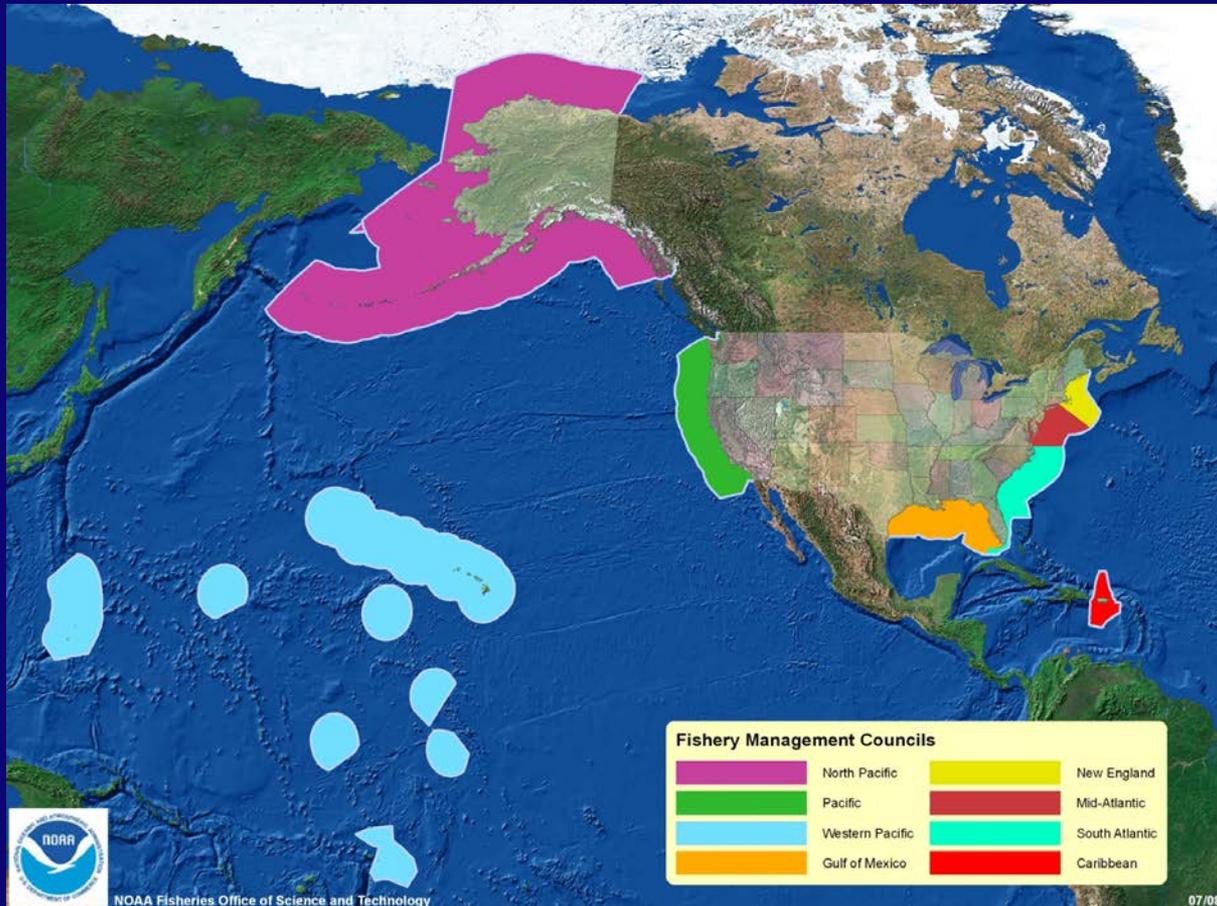

Silver Spring, MD

Overview

- Describe the Council responsibilities under MSA
- Identify similarities and differences among Council processes
- Describe how your Council is organized to support FMP development

Councils develop fishery management plans (FMPs) and amendments for the fisheries within their EEZ.

Spiny Lobster

Dolphin/Wahoo

Coastal Migratory Pelagics

SAFMC Plans

Golden Crab

Sargassum

Coral

Shrimp

Snapper/Grouper

Habitat

Ecosystem-Based

US Fisheries Management

- Department of the Interior
 - US Fish and Wildlife Service
 - Inland waters
- Fishery Commissions
 - State water management to 3 miles
- Department of Commerce

Conduits for Public Input

- **Council Membership Composition**
 - Fishing Community (fishermen, processors, group reps.)
 - State Fisheries Officials (represent stakeholder interests in states)
 - Others (scientists, ENGOs, public/seafood consumers)

**Chaos was the law of nature; order was
the dream of man.**

- Henry Adams

Giant Meteor

2016

JUST END IT ALREADY

Council Members

- Statutory members serve as long as they hold their positions
- Appointed members serve 3-year terms
 - May serve for up to 3 consecutive terms
 - After served 3 terms, may be reappointed after 1 year off the Council

Voting/Business

- Majority of voting members constitutes a "quorum" – no quorum, no business
- Decisions shall be based on those present and voting
- Any voting members may request a roll call vote
- Meetings operate under parliamentary procedures (Robert's rules)

Voting/Business

- General counsel is usually parliamentarian
- Why do we need meeting rules?

Voting/Business

- 1 or more members may hold hearings
- “Hearing officers” hold with staff support

Council Structure

Council Members

- Chair/Vice-Chair
- Executive committee
- Committee Structure (Species, FMP, Topic, etc.)

Council Staff

- Executive Director
- Technical staff
- Administrative staff
- Plan Development/Action/Monitoring Teams

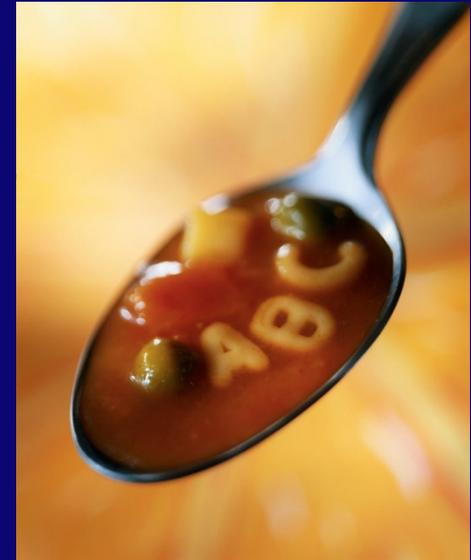

Advisory Groups

- Advisory Panels
- Scientific and Statistical Committee
- Other groups?

Advisory Groups

■ Scientific and Statistical Committee's

- Ongoing scientific advice,
 - Acceptable biological catch (ABCs),
 - Preventing overfishing,
 - MSY,
 - Rebuilding, socioecon., etc.
-
- For stock assessments, regions have other peer review process:
 - SAW/SARC
 - SEDAR
 - STAR

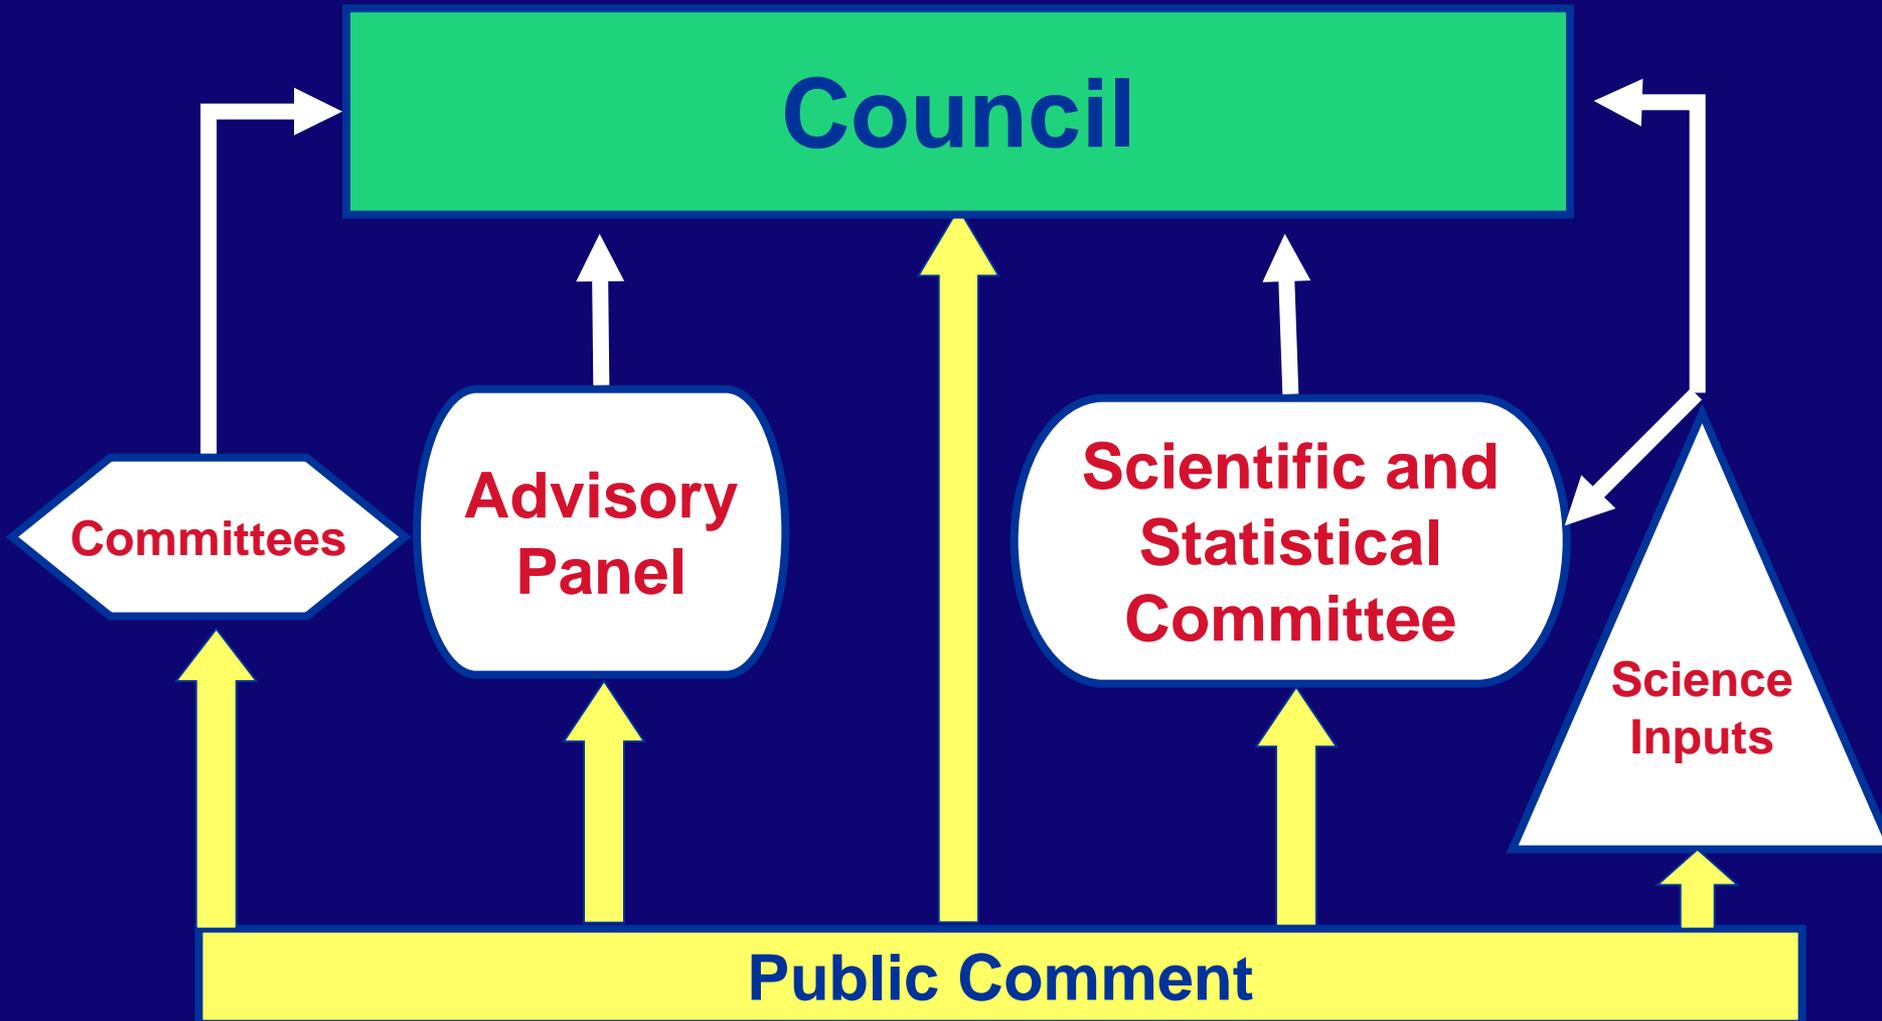

Advisory Panel

- Industry advisory panel
- Organized very differently across Council's
- Means to facilitate stakeholder input into FMPs and other actions

Council Structure

Council Structure

- See handouts on Council structures (Fisheries Forum credit)

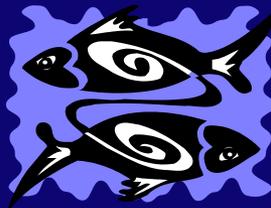

Public Meetings - Public Process

- Public Meetings
- Noticed in FR and on web
- Public Record - recorded and/or transcribed
- Accessible (online?)

Federal Advisory Committee Act

- **Councils, their Committees and Advisors are exempt from FACA**
- **The FACA applies whenever an agency:**
 - seeks consensus advice
 - from a group that includes at least one person who is not a regular Federal employee, and
 - obtains input for its own operations or activities.

Take-homes

- Each Council structure is developed to support stakeholder input/participation
- Intended to allow flexibility in organization to address needs/differences in each region
- Unified by MSA and national guidance
- Ongoing dialog between NMFS and Councils
 - Council Coordination Committee

My Suggestions

- **Read-up!**
- **Use your staffs as a resource**
- **Don't be afraid to ask**
- **Find a more seasoned Council member to sit with**
